Optimize

Optimize is an easy going and low-maintenance saxony carpet range from Beaulieu - a Belgian manufacturer that centres sustainability and innovation. It is available in seven beautiful black, brown and grey tones, and is a great fit for customers who want a carpet with trendy looks but requires no hassle. Its polypropylene yarn absorbs no water whatsoever - so it can be cleaned with bleach and is incredibly resistant to stains. Optimize provides outstanding impact sound reduction, creating a quieter and more relaxing home environment. Plus, it achieves an A+ indoor emissions rating, giving you peace of mind that you and your family's health is taken care of.
