Made In Belgium

Anmone is a 1/10" cut pile nylon carpet range that is unbelievably durable and decadently soft to the touch. This is due to its premium nylon yarn; whose flexible qualities prevents crushing, abrasion and shrinking or stretching out. It is also incredibly easy to care for and can even be bleach-cleaned to deal with tough dirt. It is available in six handsome hues, conferring a sense of refined taste. Anmone is a fantastic selection for customers looking to invest in a versatile carpeted floor – that will hold its shape for many years to come
